New park Antioch Township Eibrary Antioch Township Eibrary 757 N. Main St. 757 N. Main St. 60002 Doc. Jensen

The new village park in the Sequoit Terrace subdivision has been named Dr. George W. Jensen Park, in honor of a long-time Antioch veterinarian.

Cliff Houghton, chairman of the Citizens Committee on Parks and Playgrounds, in

Doc. Jensen

recommending the name to the Village trustees, said that it would give recognition to a man who has a long record of involvement with young people in the community. In addition, Houghton recalled, Doc Jensen played a significant role in the establishment of the Lions Club swimming pool in Williams Park.

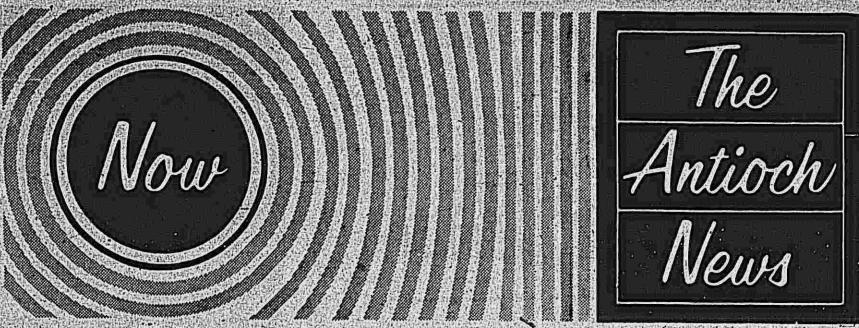

The trustees unanimously endorsed the honor for the 84 year old gentleman.

Houghton also recommended, and the trustees approved, the posting of signs identifying the three village parks.

With an agreement made last week by the Lions Club to donate up to \$10,500 as half the cost of constructing three tennis courts in Jensen Park, the Village Board will open bids for the project on May 20.

Mayor Robert Wilton, Houghton and several trustees voiced praise and gratitude for the contributions to the park development by various civic groups and individuals.

The Citizens Committee was also encouraged to further study the possibility of agreements with the schools for co-usage of recreation facilities.

"Trench landfill pollution-free," authorities assert

Officials connected with CCD Disposal, a wholly-owned subsidiary of Waste Management of Illinois, presented their case for rezoning to permit a sanitary landfill in Antioch at a public hearing last Tuesday night, April 23.

The meeting was moved from the Village Hall to the Rescue Squad building to accommodate the large crowd. Most of those present indicated that they live near the proposed landfill site between the industrial area and Little Silver Lake.

A landfill has been operated by several owners on 20 of the 80 acres since about 1961. When the first Antioch Zoning Ordinance and Map was adopted in 1966, the site was designated for light industry, with the existing landfill operation allowed to continue as a non-conforming use.

The Zoning Ordinance permits a landfill only with a special use permit in an area zoned for heavy industry. This is what CCD is requesting for the entire 80-acre site:

Objectors to the proposed rezoning had indicated the basis of their opposition prior to the hearing. Wayne Erickson, president of the Little Silver Lake Improvement Association and spokesman for the group, stated that the site is "not fit for a garbage dump."

Because three-fourths of the site is in a flood plain, Erickson said, operation of a landfill there would pose dangers of

pollution and would aggrevate the flooding along Sequoit Creek.

However, it was the contention of the Waste Management officials that such considerations would not be applicable because of the particular engineering planned for their operation.

Don Reger, a civil engineer with the firm Geo-Tech Inc., showed a diagram of what he described as a trench landfill. Under this plan, the site would be excavated and filled with waste materials. This excavation would, in turn, provide the dirt for daily covering of the site.

In its final stage, the western and northern portions of the site would be covered with a low, almost flat mound, according to the Waste Management officials, with at least four feet of clay over it. About half of the 60 acres presently sitting empty would be used for landfill, they said, with the remainder set aside as a retention basis for possible flood, waters. The eastern 400 feet of the property would remain as a buffer zone.

Both Reger and Murray McComas, professor of hydrogeology at Kent (Ohio) State University, told the Zoning Board that under the surface on most of the site is a layer of clay to a depth of about 50 or 60 feet. Since liquids will not easily pass through clay, the trench would contain waste matter without

danger of pollution, they asserted.

As an added guarantee, the engineers have planned to surround the trench with drains and tiles to collect any possible pollutional materials before it could seep into the ground.

McComas explained the geological history of the site in great detail and talked about test borings that had been taken on the property. Because the layer of clay apparently separates the site from nearby Village water wells, McComas stated emphatically that there is, "No potential for ground water pollution from the surface into the Village wells."

This opinion is substantiated, he said, by the lack of pollution in the wells, even though a landfill has been operated there for 11 years.

The creation of an artificial "bathtub" by the excavation into the clay would allow for no "migration" of pollutants from the dumping area itself, "McComas asserted."

The experts retained by the disposal firm were contradicted by Ronald Nargang, executive director of the Lake County Soil and Water Conservation District.

Nargang reported that he had recommended, and the board of the district had voted, that the site in question is unsuitable for a landfill use because of the

Fields, Burbridge get Zoning posts

Mayor Robert Wilton, with the concurrence of the Village Board, has named James Fields and Ted Burbridge to posts on the Antioch Zoning Board of Appeals. The appointments are effective May 1 and are for five year terms.

The two men replace Peter Cleven and Dr. Edward Warner, whose terms on the Board expired April 30.

Fields, of 621 Parkway, is employed at John Teresi Chev-Olds and has been Captain of the Rescue Squad for many years.

Burbridge is an employee of Illinois Bell Telephone Co. and lives at 627 Highland Avenue.

Mayor Wilton said that he had talked at length with both men and had explained to them the current status and situation of the Zoning Board. He did not, however, discuss the details of any pending zoning cases with the appointees, Wilton said.

Dr. Warner had served on the Zoning Board since its creation

in 1966. Cleven was appointed to it in 1969.

Mayor Wilton also announced Monday night an extensive realignment of the standing committees of the Village Board. The former 22 committees have been consolidated to form nine standing committees.

The new committees are: Finance; Safety; Public Works; Utilities; Licensing and Permits; Health, Animal and Nuisance Control; Planning and Zoning; Civic Activities; and Public Relations.

Wilton commented after the meeting that he hoped eventually to establish specific meeting times for each committee.

All appointed Village officials were also renamed for the 1974-75 fiscal year.

Superintendent of Public Works Tod Maplethorpe mentioned that there will soon be an opening in that department. He told the trustees that he is currently receiving and reviewing applications.

Bob and Milt Rueckl Northern Illinois Professional photographers to meet in Antioch

Seeing double - you sure are! Pictured above are Milt and Bob Rueckl of the Rueckl Photo Studio from Appleton, Wisconsin.

These two men will be the guest speakers at the monthly meeting of the Professional Photographers of Northern Illinois, which is to be held for the first time at the Antioch Country Club on Wednesday, May 8.

The host for this meeting will be Barb and Joe Rush of the BJ Rush Studio, 141 Cheri Lane, Antioch.

Each month more than a hundred professional photographers gather in different parts of Northern Illinois for the single purpose of self improvement through such clinics as will be given by the Rueckls to the photographers. This months clinic will be directed towards special lighting effects in the studio for the working professional.

Village employees get pay hike

Employees of the Village of Antioch are getting pay raises ranging from 8 to 25 percent, effective May 1. The new salary schedules were approved by the Village Board Monday night.

In the Police Department, the starting salary was raised from \$9,000 to \$10,000, with the top of the schedule (after 15 years) going from \$9,720 to \$11,100.

Dispatchers now will start at \$7,600, rather than \$7,000 as before. Separate rates for the Juvenile and Community Relations Officers were established.

The shift premiums for patrolmen were also increased,

Starting pay in the Public Works Department jumped 10 percent to \$9,360. Salaries for

Two hurt in auto accident

A two-car collision at Route 173 and Harden Ave. Tuesday afternoon (April 23) resulted in serious injuries to the drivers of both vehicles.

Evelyn M. Kuhlman, 59, of Marilyn Lane, Lake Villa, was taken to St. Therese's Hospital, where her condition Monday morning was reported as "good."

Gregory J. Bobek, 25, of 299 Joanna Ct., Antioch, was reported in "fairly stable and satisfactory" condition at Victory Memorial Hospital. Antioch police officer Charles Miller, stated that Bobek was unconscious when taken from the scene of the accident.

A witness to the mishap told police that Bobek's vehicle, travelling eastbound on Harden Ave., did not stop for the stop sign and shot across Route 173, into the path of Mrs. Kuhlman's northbound auto.

Police measured 28 feet of skid marks on Route 173 in a northerly direction to the estimated point of impact.

When the cars hit, the witness said, Mrs. Kuhlman's car spuncompletely around, coming to a rest on the shoulder of the highway. Bobek's car ran into the ditch north of the intersection.

Officer Miller said that a charge of failure to stop for a stop sign is pending against Bobek.

higher officials in the department went up about 15 percent.

The largest increases came in the Clerk's office. Salaries of the Treasurer, Collector and **Building Inspector were raised** about 18 to 25 percent, to \$8,000, \$10,000 and \$11,700 respectively.

High school finances reassuring

Antioch Community High School Business Manager Ken Wierschem painted a reassuring financial picture for the school board at the regular April meeting.

Wierschem reported that by the end of the current fiscal year, June 30, the school budget, should be in the black, or close to it. As a result, he added, he should be able to "at least get through July" without having to request tax anticipation warrants.

There has been some question raised concerning school revenues, because of the property

tax assessment rollback announced by county officials earlier this year. With court litigation in process, and more expected, Wierschem is predicting that it may be September, at the earliest, before the school begins receiving property tax distributions.

The Board went on record urging the County Board to implement a new State law (SB 138) which allows the first portion of property taxes to be collected by March 1. Wierschem explained that this would permit him to draw up the budget each year with some

solid idea of what tax income to expect.

It would also eliminate delays in getting tax bills out that have been some years.

The Business Manager also told the Board that he had been notified that the \$62,000 debt service grant allocated to the school last month will be sent directly to the school, rather than to the County Clerk, as had previously been expected. Board members unanimously expressed pleasure with this arrangement, which will allow the school -rather than the county-- to invest the funds for more interest.

Following up on higher salaries granted to teachers last month, the Board approved pay raises for all non-certified employees. Wierschem said that the raises average from 71/2 to 11 percent. The 58 employees involved include: secretaries, custodians and matrons; cafeteria workers; bus drivers; hall guards, nurse and lay supervi-

Antioch's share of the first payment for the new Lake County Area Vocational Center, created in a December referendum, was approved by the Board. The \$5,931 will go towards architectural and engineering fees.

Betty Sutcliffe was reappointed School Treasurer for the ninth consecutive year. The school's insurance service will seek bids on providing a \$600,000 board for her.

Ted Larson was renamed

Since all incumbants were returned to the Board in the recent school election, the existing policy manuals and

resurfaced Rte 173 to

Plans for resurfacing and widening a 12.3 mile stretch of highway 173 between Antioch and Zion have been announced by the Illinois Department of Transportation.

H.M. Yamanaka, an engineer, told Mayor Robert Wilton that his department plans to provide a 24-foot travelway, correction of deficient vertical curves, reconstruction of the bridge over the Des Plaines River, and shaping of ditches to improve drainage.

Yamanaka's office, contacted by telephone, was unable to provide a starting date for the project.

A public hearing will be held on the project if written requests are received by May

Yamanaka said he hopes that "no significant opposition will develop, so we can finalize our plans and complete the project at an early date."

Wait and

Officials of CCD Disposal Co. have asked the Village of Antioch to grant them rezoning and a special use permit to make their sanitary landfill operation east of the industrial park a conforming use. They would also like to expand the landfill onto 60 adjoining acres that they own.

The Zoning Board held the required public hearing last Tuesday night and currently has the petition under advisement.

At the same time, CCD Disposal is seeking a permit from the Environmental Protection Agency so that they can continue operating a landfill on the

According to testimony at the public hearing, if that permit is not received by July, the local disposal site will have to be closed.

Some people knowledgeable in this matter say that there is a good chance that the EPA will not give CCD Disposal that permit

In such a situation, we feel that the Zoning Board and the Village Board would be best to adopt a wait and see attitude.

If the disposal company can convince the **Environmental Protection Agency that their landfill** operation here would not be environmentally harmful, then they may very well deserve the

rezoning. On the other hand, if the EPA determines that the operation should not be continued on this site; it will have been a mistake to have already granted rezoning that would also permit the establishment of heavy industry there.

The rezoning is not a condition for CCD to be eligible for the EPA permit.

If it can legally be done, we think that the Village should postpone its zoning decision until the environmental status of the project is determined.

THE RESIDENCE OF THE PROPERTY OF THE PROPERTY

Federal program to compensate widows and survivors of law enforcement officers

In the wake of numerous violent attacks against police officers between 1960 and 1970, including many police deaths, a demand arose for some kind of Federal program to compensate the widows and other survivors of these law enforcement officers. The pattern during the period of the 60's also included attacks on many firemen who were called to extinguish fires deliberately ignited by militant demonstrators. It was felt that the families of such firefighters who were killed in the line of duty should be included in any such national compensatory program:

Early in 1972, at a meeting of police officers in the White House President Nixon expressed his support for some such legislation. Subsequently, at the request of the Attorney General this Member of Congress sponsored legislation granting a Federal gratuity of \$50,000 to widows and families of "public" safety officers" killed as the result of a criminal act or an apparent criminal act.

The lofty original concept appears now to have gotten completely out of hand in the passage last week in the House of Representatives of H.R. 11321. This measure wouldgrant a gratuity of \$50,000 to the widows and families of any and all local and state public safety officers, including volunteer firemen, auxiliary police officers, parole officers, probation officers and others who are killed while "engaged in the performance of their duty" -and where the activity is determined "to be potentially dangerous." Thus, the original concept appears to be lost in the measure passed by the House. What's more, the measure passed by the House would operate retroactively to com-

pensate all of those covered by the bill during the period from October 11, 1972. It is suspected that by selecting this date certain specific death cases will be included. However, by rejecting all of the deaths which occurred prior to that date, the measure would discriminate against the families of virtually all policemen and firemen who died previously from a criminal

Emotions ran high on the floor of the House when several former police officers -- now Members of the U.S. House -described the violent deaths which were experienced by their fellow policemen with whom they were formerly associated. Those who questioned the greatly expanded scope of the measure were denounced as lacking-in-compassion.

Still, there are valid and logical reasons for questioning the wisdom of the House-passed bill: (1) If the Federal government is to provide such a gratuity in the form of added compensation, then there would seem to be no rational limit to the benefits of all kinds which all local and state public safety officials might enjoy from Federal appropriations. (2) Since the \$50,000 death benefit is a "gratuity" or gift, the measure involves a new Federal principle in which benefits are paid to local and state officials for which no contributions of any kind by the individuals or local or state governments are made. (3) Since the measure has been expanded from the original description of policemen: and firemen to include virtually all correctional officers, the next step might be to include health and welfare officials, sanitation employees, conservation personnel, and virtually every other type of state and local officer whose life might be endangered in the course of performing his duties.

In the face of spiraling inflation in which excessive Federal expenditures are an acknowledged contributing factor, the estimated annual cost of this legislation in the amount of \$17.5 million, as well as theadded \$26.2 million for making retroactive payments would seem quite inconsistent with wise government policy.

As this discussion reveals, the measure would seem to be merely the first step down a long and expensive road which could lead ultimately to annual gratuity payments of hundreds of millions of dollars, and the threat of a new Federal bureaucracy with built-in. authority and control offensive to all who revere the jurisdiction of local and state governments and their officials.

BUYS COTILLION TICKETS. Bev. Rzysko (third from left) buys her tickets for the Antioch Mental Health Society Cotillion from Kathy Cirone. Barb Tobias (left) is chairman for the annual event; Ann St. Pierre (right) is secretary of the Antioch Mental Health Society. (Staff photo)

May 4 - A Special Day for Antioch

That special day is almost here....May 4th being the day of the 9th Annual Mental Health Cotillion to be held at Henrici's O'Hare Inn in DesPlaines, Illinois. People are more excited than ever about this gala event as the cost for the night on the town still is only \$25 per couple. For this, the lovely ladies will receive beautiful flowers, courtesy of The State Bank of Antioch; delicious hor d'oeuvers donated by the First National Bank of Antioch; dinner consisting of wine, fresh fruit, roast prime rib, au jus, mixed green salad, baked idaho potato with sour cream,

surprise vegetable with hollandaise sauce, rolls and beverage with a lucious chocolate mint parfait. To top all of this, you'll spend the night dancing to the music of the Lou Brownie Attraction...Johnny Belmont with his 8 piece orchestra, courtesy of The State Bank of Antioch. It still isn't too late to buy your ticket...so pick up your phone and call 395-1948 and we'll be happy to reserve your table pronto. Thursday Noon is the deadline.

The Cotillion is just our way of saying, "Antioch, We Love You For Your Continuous Support."

Getting a Passport

To get a passport you will need to show proof of U.S. citizenship. Your birth or baptismal certificate will do. If you cannot produce either, then an affidavit attesting that you were born in the United States is sufficient providing it is signed by a relative or person who has

known you for a very long time. You will also need some form of identification that bears your signature, such as a driver's license. Two identical photos, front view, 21/2" to 3" square on a white background, and you're ready to apply. Remember - no snapshots; these photos will have to be done by a professional photographer. It is best to get several extra photos at the same time and carry them with you overseas for spur-of-the-moment visits when you may need to get an extra visa or entry permit on the spot.

Application MUST be made in person at your county clerk's office, some post offices are now set up for passport service. and in the large cities at the Passport Agency of the Department of State.

It costs \$12.00 and normally takes a minimum of two weeks for you to get your passport from the time you apply (I would allow three weeks in the Spring or Summer) so don't wait till the last minute. If an emergency trip is required, one can pay an additional fee and

get your passport in a matter of hours or days.

While you're traveling keep your passport with you at all times except when you have to turn it over to your hotel for registration purposes which is required in some countries. DO NOT pack your passport in your luggage. Should you lose your passport, report it to the nearest American consulate or embassy immediately.

Any questions, contact your local travel agent and he has the forms for application of passport or your area Passport Agency of the Department of State.

Rock Concert in, Streaking Out.

The Antioch High School Board Thursday night reversed a decision made last month and granted approval for an outdoor Rock Concert to be sponsored by the Senior class.

Principal Art Blecke, at the March 28 Board meeting, had presented the students' request for more than half, an hour, the Board had voted that such an activity would be "inappropriate" for the school premises.

Six students, led by Senior class president Blair Fire, came to Thursday's meeting in an effort to sell the Board on the idea that an outdoor concert on the east parking lot would overcome most of their objections.

Mapping out the suggested arrangements on a blackboard, Blecke pointed out some of the possible problems, which had been discussed with the police and fire chiefs. With the aid of five policemen, 10 or 11 firemen and about four faculty volunteers, Blecke asserted, the crowd could be handled.

Superintendent Warren
Polley questioned the financial
arrangements that would yield
very little profit for the Senior
class, with most of the gate
receipts going to the performers:

To this, Fire replied that the students were less interested in the money, but wanted to have the concert for the sake of enjoying the music and to promote a sort of "homecoming" spirit at the end of the year. Mrs. Evelyn Bolt, a regular observer at the Board meetings, commented, "The experience this class is having in making professional arrangements is an education in itself."

On the understanding that the promoter would assume liability for any accidents or damage, the Board then voted to let the Senior class go ahead with the outdoor concert. Tentative date for the event is Friday, May 17.

On a more conservative note, the Board went on record that the student body be notified that "the streaking fad is over at Antioch." In doing so, they indicated their feeling that this action be considered cause for expulsion from school.

If adequate funding can be arranged, the high school may get tennis courts in the near future. The administration was directed to explore this project,

Kindergarten Registration at Emmons Grade School

Kindergarten registration for the 1974-75 school year will be held at Emmons Grade School on May 1, 2, and 3 from 9:00 a.m. to 3:00 p.m. All children entering the Kindergarten in September must be five years of age on or before December 1, 1974. A legal birth certificate must be presented at the time of registration. Birth certificates may be obtained from the Bureau of Vital Statistics, County Courthouse of the County in which the child was born. Hospital certificates cannot be accepted.

At the time of registration parents will receive a health examination blank which must be completed by the family physician and dentist before entering school in the fall.

with possible cooperation from the Village or some civic group. Along with tennis courts, an all-weather surface on the track will be investigated.

The date for commencement exercises was set as Sunday, June 2, beginning at 4:00 p.m. Baccalaureate will be June 1.

Looking ahead to the following school year, Ed Kurek, Director of Curriculum and Guidance, informed the Board that he recommends the hiring of three additional teachers and one counselor, based on an expected enrollment increase of about 100 students. He said that teachers will be needed in home economics, physical education and math.

Frances Van Haecke appointed Farm Specialist

Michael Warren & Company announce the appointment of Frances Van Haecke as Farm Specialist. According to Tim Tierney, Vice President, Mrs. Van Haecke will head up the Farm Sales Program.

She is a descendant of two

pioneer Lake County families. She grew up on her parent's farm at Petersen Road and Route 83, south of Grayslake. At the time of her marriage to Elmer Van Haecke, she was secretary to A.D. Smith, Manager of Lake-Cook Farm Supply Company when the main office was at Grayslake.

WEDNESDAY

owned and operated a portable feed grinding service, serving most of the farmers in Northeastern Lake County. For many years they also owned a feed store at Libertyville until they moved the operation to their farm on Route 173, east of Antioch, where they now reside. They have three sons and three daughters and twelve grand-children.

Mrs. Van Haecke obtained her license after completing intensive courses in Real

Fun and Games at Channel Lake School
The Channel Lake School

The Channel Lake School PTA will sponsor their annual Fun Fair and Ice Cream Social for the young people of the area, Saturday, May 11.5 from 2:00 until 7:00, at the school.

Various games and booths will be offered, as well as refreshments.

Proceeds from the affair will support a PTA project to benefit the school.

Estate, and was associated with another brokerage before joining Michael Warren & Company.

50 YEARS AGO MAY 1, 1924

The Antioch Business Club will publish a booklet in order to raise funds for advertising the Antioch area in the Chicago newspapers. The publicity committee is headed by Ed Dressel and comprises Butch Rothers, Herb Vos, Walter Chinn and John Woodhead.

The accident involving ten-year-old Elizabeth King demonstrates that the practice of youngsters "hooking" rides on teams (of horses) should be stopped. Mothers should warn their children and the village marshall be given authority to use a stick.

20 YEARS AGO APRIL 29, 1954

A free shuttle bus service, bringing shoppers to Antioch from Venetian Village, Lake Villa, Lindenhurst, Grass Lake, Channel Lake, Rock Lake and Channel Lake Shores, will begin its once-a-week runs Wednesday.

It is expected that 300 homes will be built yearly in the new Oakwood Knolls subdivision.

10 YEARS AGO APRIL 30, 1964

High School student John Bonner was chosen Village President for a day.

Wayne King will furnish the music for the Mental Health ball in Waukegan.

Robert Taubitz Second Place Winner in Bicentennial Medallion contest

Historical Society.

The second of four such

contests that will mark the

Bicentennial period culminat-

ing in 1976, its theme this year

focused on Illinois' history from

1790 through 1865. The winning

design which will be engraved

Robert David Taubitz, 18, of 410 Harden Street, Antioch, a senior at Antioch Community High School, will receive a \$750 scholarship for winning second place in the statewide contest held to design the official 1974 American Revolution Bicentennial Medallion during ceremonies to be held in the Governor's office in Springfield, on Thursday, May 2.

Gov. Dan Walker will present the award along with the chairman of the Illinois Bicentennial Commission, Andrew McNally III, Co-chairmen Sens. Hudson Sours and Sam Vadalabene, and Rep. J. David Jones, secretary of the Commission.

The Lincoln Mint, of Chicago, which will produce the official 1974 medallion as part of the Illinois Observance of the nation's 200th birthday anniver-sary is offering the scholarship.

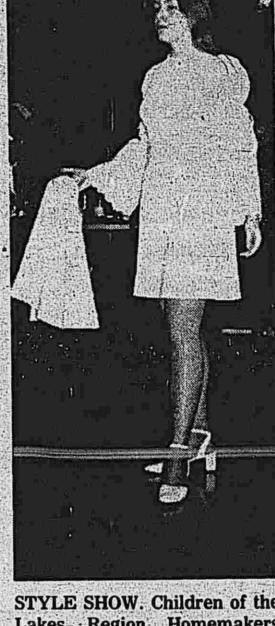

The Commission has invited Robert's parents, Mr. and Mrs. Robert Taubitz, Sr., to attend the ceremonies, also, and to meet with members of the Illinois General Assembly who represent the Antioch area.

Also receiving their awards will be first and third place winners, Deborah Hobbs, 18, of Belvidere, and Heidrun Marina Buehner, 18, of Flanagan, respectively.

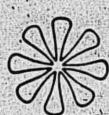

Robert's design depicted the "sons of Illinois," Abraham Lincoln, Ulysses S. Grant and Stephen A. Douglas along with an outline of the state and the date Illinois entered the Union, 1818. His inspiration came from an Illinois history book, he said.

He plans to attend The College of Lake County next year, majoring in art and hopes to become a commercial artist or designer.

Recently he won a \$50 bond for winning first place in a contest to design a membership card for the Lake Region

STYLE SHOW. Children of the Lakes Region Homemakers members modeled home-made clothes at the group's Style Show. Astronaut Nancy Koziol (right) garners the attention of (from left) Vicki Landt, Jeannie Lindgren, Donna Gutowski, Brad Hamlin and Tracy Landt. Sheila Connors (above) models a possible graduation party dress. (Staff photos)

on this year's medallion includes representations of the statue of young Abe Lincoln, "The Rail Splitter," at New Salem; the Lorado Taft statue of the Indian Blackhawk, located near Oregon; the Mormon tablet at Nauvoo; and a portrait of General Grant, whose home is preserved in Galena.

Homemakers Style Show a sellout

An entertaining evening was enjoyed by a sell-out crowd at the Lake Region Homemakers "See and Sew" style show. Lovely spring outfits were modeled by all age groups.

Two sets of husband and wife matching outfits were modeled inspiring many viewers to go home and attempt to sew their husband some wearing apparel. This is one occasion that the man of the house might come

out ahead when he allowed his wife to attend a style show.

An astronaut and an Easter Bunny concluded the show.

The Homemakers will pre-

sent two Antioch High School students with \$100.00 scholar-ships with the proceeds from the show.

Many thanks to the business people and friends of the Lakes Region area for their continuous support. Without them this would not have succeeded.

HYPNOTIZED. Dr. Irwin Ross, with the aid of Nancy Barnstable, shows the powers of hypnotism at the annual Antioch Township Republican Women's Club luncheon. (Staff photo)

Hypnotist spellbinds Republican Women

Dr. Irwin Ross, creative journalist and part-time hypnotist from Chicago, cast a spell over the annual Antioch Township Republican Womens spring luncheon last Wednesday. Or, at least part of the crowd was spellbound.

Taking volunteers from among the more than 100 persons in attendance at the Rustic Manor in Gurnee, Ross demonstrated some of the potential uses of hypnotism on five subjects who actually entered the trance.

Antioch Village Clerk Marilyn

Sterbenz, though remaining at her table, was put under by Dr. Ross's mesmerism and was called forward — sleepily — to participate in the demonstration. So deep was her sleep that several times the audience feared she was about to fall off her chair.

Chairman for the event was Thelma Anderson. Others in charge of arrangements were: Lillian Olson and Hilda Stern, publicity; Jackie Olisar and Aileen McGuire, prizes; Kerrie Schreiber, posters; Jean Benes, tickets; Imogene Case and Hilda Stern, reservations.

Girl Scouts play at Camp Duncan $\sqrt{}$

Carol Anderson, Antioch Girl Scout Service Unit director, reports that about 90 Antioch scouts and leaders had a "marvelous time" at the Service Unit Swim at Camp Duncan, April 20.

The party was sponsored by Antioch Service Unit No. 6.

BEREAVED MOTHER. Shirley Jensen (center) displays the anguish of a mother who has lost five of her six sons to the sea, in a scene from one of the current PM & L productions, "Riders to the Sea." Portraying her remaining children are (from left) Pat Unnerstahl, David Ochlerich and Lyn Zachler. (Staff photo)

Antioch Auxiliary to meet May 6th

The regular meeting of Antioch American Legion Auxiliary No. 748 will be held at the Legion Home on May 6th at 8 p.m. The 10th District Officers headed by Mrs. Virginia Holtwill be the guests for the evening. May is Gold Star Month so all Gold Star Members will be honored. Mrs. Addie Horton and her committee are the chairmen for the evening for this affair.

The charter will be draped for Carolyn Horan and Del Jahneke who passed away this past month. The members were saddened by the passing of these two great women who did so much for the unit.

Poppy Day will be May 24th and 25th, so volunteers are needed. Anyone interested should call Ruth Pettigrew or Rose Kennedy who head this committee.

Discussion of the Memorial Day Parade, which is tentatively set for Sunday, May 26th, will also be held.

Royal Neighbors plan Rummage Sale

The Royal Neighbors Olson Camp met at the American Legion Hall on April 23. After the pledge of Allegiance led by Ida Kufalk, Mrs. Alice Lassen gave a talk on her trip to the Royal Neighbors Convention held in Peoria, Illinois.

A discussion was held on the Rummage Sale planned for May 10 and 11. Bea Milz was made chairman of the event, so please cooperate with her to make it a success. Pearl Anderson and Myrtle Delaney were hostesses for the evening.

Trio Closing Soon

Your last chances to see "Trio!" will come this Friday and Saturday evenings, May 3 and 4. This is an evening's program of three one-act plays performed at the PM & L Theatre, 877 Main Street in Antioch.

Don Beveroth directs the threesome. The first of the plays is Lewis John Carlino's "The Dirty Old Man," featuring Lou Jones, Terry Rosol, and Dave Oerlirich. The second is the classic "Riders to the Sea," by John M. Synge, with Shirley Jensen, Lynn Zaehler, and Pat

Unnerstall in the PM & L cast. Finally, the trio is completed by Noel Coward's "unpleasant" comedy, "Fumed Oak," with Don Beveroth, Tessa Smith, Aileen Biel, and Susan Allen.

The earlier performances of "Trio!" have been well-received by both critics and the general theater-going public. Curtain time for the last two shows this weekend is 8:30 p.m. To make certain that you do not miss this current PM & L production, you should be sure to call 395-9702 to reserve your seats.

Denise La Flamme **Engaged**

Mr. and Mrs. Arthur J. LaFlamme Sr. of Antioch wish to announce the engagement of their daughter Denise Ruth to Mr. Timothy E. Wells. He is the son of Chief of Police and Mrs. John J. Wells of Antioch.

A May 25th wedding at St. Peters Church in Antioch is planned:

LaLeche League meets

LaLeche League of Lake Villa-Antioch will meet 7:30 p.m., Wednesday, May 8 at 1026 Laursen Court, Antioch, Ill.

Topic for discussion will be "Baby Arrives; The Family and the Breastfed Baby." Babies are always welcome at our meetings, as well as any other women interested in learning more about the art of breastfeeding.

For more information call: 395-6081, 223-5861, or 356-8381.

Roast Beef Dinner

The Men's Club of the Salem United Methodist Church located in Salem, Wisconsin is sponsoring its Annual Roast Beef Dinner on Sunday, May 5, 1974. Serving will be from 12:00 Noon to 3:00 p.m. Tickets will be available at the door.

S(0)=(3)=3134

See SOCIAL) the relationship of men associated in any way to one another; companionship; fellowship; connection; participation.

Antioch Woman's Club plans **Annual Spring Luncheon**

The Annual Spring Luncheon of the Antioch Woman's Club will be held at the Fox Lake Country Club on May 6th at noon. This will be the final meeting for the 1973-74 season. There will be election and installation of officers for the 1974-75 season. Mrs. W.C. Petty will be the installing officer.

Members will also ballot on the proposed revisions of the by-laws.

Committee Chairmen will summarize their activities for the past season.

New AWC members will be introduced and honored. Deadline for reservations is May 2nd and may be made by

Sandy Herbst 395-5894. Members are urged to pay their 1974-75 dues at this annual meeting.

Along the Way with

Annie Mae

Hats off to Ken Smouse and his "Hello Dolly" cast who put on a superb play this past Friday and Saturday evening at the High School. The music and choreography were very good.

Jim Fields cooked steaks for the basketball team and managers in payment for a bet he made that they would not be undefeated in their conference. Bet they kept ya busy all night, Jim.

Ninety local kiddies tried out for the new PM & L. Play "Sound of Music." That has to be some kind of record!

Last Friday Phyllis Drije, Anne Connors, Esther Hamlin, B. Hope, R. Hevrdjs, Martha Fallon, Angie Maras and Mary Wells attended the Annual Lake County Homemakers meeting at the Ramada Inn in Highwood, Illinois. The gals modeled some of the garments they made and Angle Maras won the first place award in the gown category for her white and gold sari gown. This has been Angie's lucky year.

Birthday happys to Andrea Jahneke, Mona Water, and Ila Lasco on May 1 and to Marilyn Roth on the 2nd. Special wishes to that cute little Miss Kim White who celebrates on the 3rd and to Scott Anderson who celebrates on that day, too. Happys to Sue Sedivec and her twin brother, George, who share the 4th, also to Rose Sunich on the 5th and to Paul Dugenske on the 7th.

Special wishes to Lynette and Ron Bratzke who celebrate their anniversary on May 1. Congratulations also to Louise and Joe Gutowski who celebrate their anniversary on May 4.

Congratulations to Bills Texaco Station for winning Wed. Night Business Mens bowling championship. Sponsor Bill Yucas was mighty proud.

> See ya, Annie Mae

No wonder they never got anywhere! In the dark ages, the study of geography was forbidden!

State Winner Woman's Club **Sewing Contest National Bound**

It'll probably never happen again to Angela Maras that she'll win 2 sewing contests all in the same day. Last Friday, representing the Lake Region Homemakers, she entered her white sari ball gown in competition at the Lake County Conference for Homemakers and won 1st place in the gown category not realizing that at home was a letter of congratulations from the State Woman's Club chairman telling her that she was the state winner in the Woman's Club Sewing contest.

Each year, the General Federation of Woman's Clubs in cooperation with Spadea Couture Patterns sponsors this sewing contest to encourage women to be creative and sew the ideal costume for the clubwoman's wardrobe. All entries must be made from

The judging criteria is 50

percent workmanship; 25 percent imagination; 25 percent appropriateness - with judging at local, district state and then national levels by three persons knowledgeable in the area of sewing and design.

If you will remember, Angie was the State winner last year and was the recipient of many wonderful prizes. One of which was lovely reversible couture fabric by Renel of Italy. When she saw this 100 percent double faced wool (ivory one side reverses to gray black ivory Indian print) she really got inspired. Using her God given talents, a special push from Phyllis McMillen and a lot of positive mental attitude, she has probably made the only outfit like this in the world. Spadea pattern no. 71031 was ideal for this unique ensemble that is completely reversible. Elegance and superb hand tailoring made this 2 piece ensemble by Eguzquiza a real challenge for Ang. She wanted to wear it to Woman's Club and the State convention, but the garment is on its way to Spadea Couture for the national judging.

Angie strongly believes that "a winner never quits, and a quitter never wins."

Bits from Barb By: Barb Olson

"Dolly" has been to Antioch and has left already. Friday and Saturday night, "Hello Dolly" was performed at ACHS by the High School students. The play was extremely successful, having sold out of tickets for both performances. The cast did a great job and put in a lot of work. The play was enjoyed by both audiences tremedously. The Pit Band also put in a lot of hard work in order to make the play the success it was.

Student Council and Class elections were held Friday at ACHS. All week long, students have_been putting up posters, urging fellow students to vote for them. Due to the change in the school's Constitution, eight representatives were picked from each class. Results of the elections were announced Friday. New members for the Student Council: Larry Lloyd, president; Greg Mieure, vice president; Mary Mayer, secretary; Julie Gutowski, treasurer. Next year's Senior Class Officers are: Marla Kessler, president; Jody Patrovsky, vice president; Kim Barlow, secretary; and Ronny Jackson, treasurer. Next year's Junior Class officers: Dan Nissen,

president; Phil Toal; vice president; Beth Boyd, secretary; and Dorothy Nevit, treasurer. Next year's Sopho-Class officers are: Mary St. Pierre, president; Lori Haviland, vice president; Michele Blanchette, secretary; and Candy Bailey, treasurer. The Freshmen class for next year will choose its officers next year.

Congratulations to the new Color Guard members who were chosen last week. They are: Debbie Hermano, Laura Hotchkiss, Tammy Jorgensen, Colleen Moore, Kathy Nowak, Melody Sweatman, Kathy Sweeney, Jo Vasek, and Margarét Vaughn, all of whom are freshman. And Lorie Perrone who is a sophomore.

The Spanish Club will be holding a bake sale in the Commons this week during the lunch hour. Students are asked to buy some of the food the club members have baked, in order to help raise money for the club.

The Girl's Track Team is hard at work preparing for their first track meet. They practice several times a week, and have shown strong possibilities of being successful this spring. They only major concern will be that many of the school's participating have been in track for several years.

"Colour My World," the ACHS Prom will be held this weekend, May 4, in the High School Cafeteria. Tickets may be purchased in the Commons during lunch for the rest of this week. The dance will begin at 8:00 p.m. and continue until 11:00 p.m. with Coronation at 10:30 p.m. The Junior Class, who is responsible for the decorations, band, and the rest of the details, has been hard at work and holding as many Executive Board Meetings as they can in order to make preparations.

PROM CANDIDATES. Candidates for Prom king and queen at Antioch High School are (from left):
Dale Weiss, Kevin Walpole, Kim Vasek, Russ Albano, Mary Mayer, Larry Lloyd, Kim Kovach, Jerry
Popp, Marlene Wells and Dennis Thain.

HOMETOWN NEWS

8 Students make U of I Deans List

Dean's List for nine academic colleges and the Institute of Aviation of the University of Illinois at Urbana-Champaign for the 1973-74 fall semester were announced today by Director King W. Broadrick of the University Honors Pro-

Among the 7,787 honored students named were: Fred L.

Bobzien, Jr., Commerce & Business Administration; Renee A. Bobzien, Education; Alison G. Hevrdejs, Fine & Applied Arts; Heather V. Hunley, Veterinary Medicine: Michael J. Koob, Engineering; all of Antioch.

Peter S. Chmelir, Engineering; James H. Christensen, Engineering: Carol J. Kisill, Agriculture; all of Lake Villa.

List, a student in the College of Liberal Arts and Sciences must rank in the top 20 percent of his or her class on the basis of at least nine traditionally-graded hours of course work. In the other eight colleges and the Institute of Aviation, a student must be registered for 14 hours credit and must achieve a grade average of 4.0 or higher (A equals 5, B equals 4).

To be eligible for the Dean's

Obituaries

MR. ABEL CANTU, 83, of 729 S. Elmwood, Oak Park, Illinois passed away on Wednesday, April 24 at the Veterans Administration Hospital at Hines, Illinois. Born June 16, 1890 in Tehran, Mexico, he came to the U.S. in 1908 to attend the William Jewell College in Missouri. He taught at the University of Wisconsin in Madison, then served in the U.S. Army during W.W. I.

Survivors are his wife Florence, 1 daughter Mrs. Consuelo (James) Fitzgerald, 1 brother, 1 sister and 6 grandchildren.

Graveside services were held at 1 p.m. Saturday at HolyNume Cemetery in Wilmot Wisconsin. Rev. Mark Lyons of Holy Name Church officiated. Interment was in Holy Name Cemetery.

MRS. LEONA Z. CRICHTON, 89, of Rte 59, Lake Villa, Illinois passed away Monday, April 29

Call No. 489

at the Terrace Nursing Home in Waukegan after a lingering illness. She was born Dec. 3. 1884 in Brulington. Illinois and lived there until moving to the Algonquin & Dundee area. She married Alta G. Crichton on January 18, 1905 in Dundee. Illinois and they operated a farm in that area for over 40 years. She moved to Lake Villa in 1946. She was preceded in death by her husband Alta G. Crichton on May 24, 1951 as well as 6 brothers.

Survivors are 2 sons: Roy Crichton (Salem Wisc.) and Delbert Crichton (Waukegan), 1 diaghter, Mrs. Ruth Schuring (Dundee, Ill) 5 grandchildren and 19 great grandchildren.

Funeral services will be held on Thursday, May 2, at 1:30 p.m. at the Sharp-Schmidt Funeral Home, 120 So. 3rd St., West Dundee, Illinois. The Rev. Charles Randall of the Dundee Congregational Church will officiate. Interment will be in Algonquin Cemetery. Friends may call at the Strang Funeral Home, Antioch, Illinois from 4:00 til 10:00 p.m. Wednesday. May 1, only. Contributions to your favorite charity in Mrs. Crichton's memory may be made if desired.

"Hindsight's Better Than Foresight"

By Father Keusal

Offe of our local people sent the following article to me in reponse (and affirmation 1 presume) to the past articles on marriage.

"Marriage, like everything else in this world, is something you have to work at if you want to succeed. The most difficult part in marriage, to me, is to adjust to your spouses moods, wants and needs, but that is what makes marriage. When you first fall in love everything is beautiful

CHRISTIAN SCIENCE **CHURCH**

In the Bible we read how Jesus went to cities and villages, teaching and healing every sickness and disease among the people.

In the lesson-sermon, "EVERLASTING PUNISH-MENT" this Sunday at First Church of Christ, Scientist, the first reader, Mrs. Barbara Conzelman reads science and health with key to the scriptures by Mary Baker Eddy, this commentary: "We acknowledge God's forgiveness of sin in the destruction of sinand the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts."

Everyone is invited to attend the services at BEACON HILL, Rte 173 and Harden, Antioch, Illinois at 11\"a.m. Nursery service is provided for children.

Students of Mrs. MacDonald, (from left) Ed Poulos, John Weldon, Beth Garland and Tammy Lair check some of the eggs that have been opened in the early stages of development. (Staff photo)

Mrs. Reed Kaiser participates in all day meeting

Mrs. Reed F. Kaiser of 2402 W. Aspen Drive, McHenry was one of more than a hundred Christian Scientists from northern Illinois participating in an all-day meeting at the Chicago Athletic Association on Saturday, April 20.

The occasion was the Annual Workshop called by James O. Miller, Committee on Publication for Illinois, for his Assistants throughout the State.

In the keynote address, "The Message and the Messenger," he stressed the need for each Assistant to live consistently

with love for their fellowman, in their homes, in their churches, and in the community, so that they bear constant witness to the Christ-message they carry.

The meeting also featured a panel symposium and a period for the Assistants to share experiences of success in their activities resulting from prayer.

Mrs. Reed F. Kaiser is a member of First Church of Christ, Scientist and is Assistant Committee on Publication for Antioch.

"Trench landfill pollution-free," authorities assert

Continued from Page 1

flood hazard and the danger of ground water pollution.

It was his opinion, Nargang stated, that the wide spacing of the test borings taken for GCD—only 13 were taken on the 80-acre site—did not give adequate evidence to make a recommendation. It is quite possible, he pointed out, that the layers of sand and clay could vary considerably in depth throughout the property.

In addition, he said, the site does not meet standards set by the U.S. Soil conservation Service for potential landfill operations.

John Grady, attorney representing CCD Disposal, argued that these standards did not apply in their case because of the particular engineering design employed.

Partially stymied on the question of potential pollution from the landfill, the objectors tended to emphasize other alleged nuisances involved in the operation.

Their attorney, Fred Geiger, and spokesman Wayne Ericson, presented a series of letters sent to CCD and its predecessor HOD over a period of three years from the Lake County Health Department. The letters repeatedly cited the operators of the landfill for failure to cover the dumpings at the end of the day.

One letter complained that this condition had persisted at times, for as long as three months. Another referred to a Health department inspector's observation of garbage lying open in a ditch filled with water. The water, according to the inspector, was being pumped from the ditch into Sequoit Creek.

John Horak, manager of the landfill since 1965, testified that he has often been unable to cover because, "We are running out of space on the east end (of the property) from which to draw clay for the cover."

Geiger countered that the garbage was not being covered, "because it is not economically feasible (for the operator) to go out and buy cover material."

Grady replied that Antioch now has an "opportunity to upgrade the operation, by bringing in the second largest disposal company in the United States."

"If they were not doing a good job (in other areas), they would not be operating as many landfills as they are," Grady contended. The entire Waste Management corporation serves 106,000 customers in 27 states and two Canadian provinces.

Trygve Bakkom, manager of landfill operations for the company agreed that they "must and will" live up to any agreements and meet any requirements of the State, County or Village.

Geiger charged that it was easy for the officials to promise compliance, "especially when they are asking for permission to triple the size of their operation."

Another point stressed by the disposal company officials was the potential end use of the site. Several times Bakkom gave the impression that Waste Management has little interest in the site beyond the time of its usefulness to them as a landfill.

They would be willing, Bakkom stated, within a reasonable time limit, to enter into an agreement with the Village as to the end use of the property. He indicated an openness to any proposed use.

Questioned on this point, he told the Zoning Board that it should take "no longer than ten years" to fill the site. Development after that could begin within one year, he added.

In summation, Geiger stated for the objectors: "The bigger concern should be the impact (of the landfill operation) on the Antioch community."

"This is not really Antioch's dump; it is an economical place for the petitioner to dump garbage," Geiger argued. Antioch gets nothing out of this."

The Zoning Board, he advised, must consider that the elaborate engineering plans might fail, or might not be fully implemented. "I see no reason to believe that they will be any more cautious in the future than they have been in the past," he suggested.

CCD's attorney Grady concluded: "The Village of Antioch and the surrounding communities are facing a problem, because you're going to have to

WIN FREEZER. Judy Moffat, (center), Mr. Adams' daughter, was in charge of decorations for the dance. (Staff photo)

put your garbage somewhere. From an engineering standpoint, three engineers have said that this can be done without adversely affecting the Village."

Since the testimony lasted until after 11:00 p.m., Zoning Board chairman Grant Spong announced that the board would discuss the petition at its next regular meeting, which is set for Tuesday, May 7, beginning at 7:00 p.m.

Duston Wins Feature at Wilmot

Dick Duston of Greenfield, Wisconsin, was the winner of the 25 lap feature in the Super Modified Division at the Kenosha County Speedway last Saturday evening. He took the lead on the last lap over Dick Colburn of Muskego who led from the start of the race. At the finish it was Duston, Colburn, John Reimer, and Aaron Silsrud who finished fourth.

In the Sportsman cars Ray Dobbs of Oconowoc came in just ahead of Danny Brown from McHenry. Sid Norton, Joe Gresk and Gordy Mudloff followed.

Antioch, Lake Villa officials in second meet tonight

Special committees of the Antioch and Lake Villa Village Boards and Plan Commissions will meet Wednesday night, May 1, at 7:30, in the Lake Villa Village Hall.

The committees were appointed in January to discuss a proposed boundary agreement between the two municipalities.

Resident seeks action on landfill violations

Wayne Erickson, president of the Little Silver Lake Improvement Association, asked the Antioch Village Board Monday night to take action against the operators of the landfill east of the industrial area.

The Lake County Health Department, he complained, is doing nothing to enforce its regulations, even though that department has cited the operation for numerous violations in recent years.

Later in the meeting, the matter was turned over to the Environmental Protection committee for further investigation and follow-up by the Village Health Officer, Dr. James Kopriva.

The Village Board refused to get involved in another dispute, this one concerning the ownership of a ten-foot wide strip of land in the Oakwood Knolls subdivision.

A vocal group showed up at Board meeting and asked the trustees to settle the dispute.

Village Attorney Andrew
Lynch explained that the
Village Board has no legal
authority to determine questions of property ownership;
however, those arguing that the
strip is a public easement were,
apparently, in no mood to
accept Lynch's reasoning.

"As long as we're here tonight, we'd like to get this thing settled," one of their spokesmen proclaimed.

"You're in the wrong place to settle it, the Village Attorney replied. "You're going to have to go to court." He added a basic explanation of the difference between a law-making body, such as the Village Board, and a body for settling disputes, such as the courts.

After Lynch and the citizens had gone around several times on this point, Mayor Robert Wilton finally declared that the Board would hear no further statements on the matter, since there was nothing they could do about it.

In other business, the Board:
- received bids from Leslie
Sorenson, William Buell, and
Arthur Gallagher and Co.
providing complete insurance
coverage for the Village. These
were turned over to a
committee for study.

-- opened two proposals solicited by Trustee Mike Haley for resurfacing the Village parking lots south of the Rescue Squad building and south of Barnstable's Department Store. These were turned back to Haley's Street committee for study.

-voted to have the contractor on the Oakwood Knolls Storm Sewer replace 300 feet of existing, mud-filled storm sewer on the north side of North Avenue, extending west from Oakwood Dr. The contractor will use pipe salvaged in the first project.

Kite Fly Winners named

Despite the ominous skies. Sunday, about 30 youngsters tried their skill (or luck) in the annual Kite Fly sponsored by the Antioch Jaycees.

Chairmen of the event, Wayne Mortensen and Tom Kedzie listed the following winners:

Class A -- nine years and under: 1. Barbie Muehlfelder, 2. Elaine Kuper, 3. Connie Kuper. Class B - 10 - 14: 1. Jeff Zalatoris, 2. Mark Muehlfelder,

Linda Chandler. Most original kite that flew: Jeff Zalatoris.

Biggest kite that flew: 1. Danny Muchlfelder, Sandy. Jones; 2. Dave Telinski,

Prizes were donated by the following area merchants: Ace Hardware, State Bank, First. National Bank, Antioch Savings and Loan; Fur Feather and Fin. Young Image, Shoe Box, Ashland Jewelers, Walsh's Four Seasons, Four Squires.

Emmons to present Double Feature

On Friday, May 3, at 7:00 p.m., Emmons Grade School will present a double feature attraction. First, the audience will be treated to Emmons' Second Annual Talent Show. The fourteen contestants will range from 6 to 13 years of age They will compete in the areas of piano, singing, playing musical instruments, and dancing.

The second part of the program will be a one-act play "Wake Up, Aurora!" This production is about Sleeping

Beauty who awakens in modern times. Her magic kiss becomes part of an advertising campaign for Pretzi-Cola, the new national drink. But love triumps over all, and the show is climaxed with a wedding. The cast includes Danny, Darren and Michael O'Brien; Mike and David Volling; Patty Gross; Denise and Diane Grohs; Richard Becker; Jean Cilik; Nancy Blanchette; Susie Dyer; Terry Brueggemann; Tony Marotta; and David Prather.

Ray Young Wins 36th Feature

The third race night of the season at the Waukegan Speedway was the most action packed yet as a total of 65 stock cars entered the 12-event program---but when the checkered flag fell after 30 hectic laps in the feature...it was Ray Young the winner for the third straight Saturday with Dave Evans taking second

It was the 36th career feature win for Young at the Waukegan quarter-mile. Young, the point. leader, intends to be back racing here next Sunday night when the super stocks slip into the Sunday routine. The 42 year old Dolton truck driver wheels a 1973 Mustang with a 351-cubic inch engine in the Waukegan races.

Roy Acuuf of Chicago took the feature lead at the green and held it for five quick laps before Evans passed both him and Tom Jones for the lead. Two laps later the large crowd snapped to their feet as Young grabbed the lead with Evans falling back to second and Bob Dotter in third spot.

Young held a commanding Johnny Olson slugged the first turn wall bringing out the only red flag of the event. The restart put Evans right behind Young and the two smashed bumpers on the restart. In the final lap Young held on for the win and Evans was second with Jones sneaking in for third as Dotter spun out on the backstretch.

The night's second fastest qualifier was Bob Anzinger and he rallied for fourth in the main followed by Acuff, Lee Schuler

and Dotter. The night's 12-lap semi-feature was another thriller as 'Uncle Rich' Sundling passed Schuler in the final lap for the win.

The hobby events were action packed in every corner with Don Smith winning the final heat, after running most of the race with his hood open. While Smith took the checkered, Vito Parillo flipped his car on the backstretch. He was unhurt. Parillo, Lamar Hughes and Mike Simon won the other hobby heats.

Next weekend the Speedway will feature the late model sportsman cars on Saturday night with an added roll-over contest and Sunday's super stock card will include a powder puff.

The Waukegan Speedway is celebrating its 25th Anniversary this year and the 1974 season marks the sixth year on the paved surface. Promoter Gordon Sill expects to announce a number of special races and events at the Speedway in the near future. The 14-mile track is located just east of Route 41 on Washington Street.

Sequoits looking for Baseball Wins

The Antioch baseball team plays a doubleheader at the high school field Saturday and could use a couple of wins:

The Sequoits suffered three losses recently to fall a game and a half off the pace in the Northwest Conference.

They had a 4-4 record in the conference and a 6-5 record overall, going into Tuesday's game at Lake Zurich.

Cary Grove leads the league with a 5-2 record.

Saturday's doubleheader against Stevenson, which also is 4-4 in the conference, begins at 10:30 a.m.

Coach Bill Seemann said that Gary Klean probably will pitch the first game and Mike Gutowski and Rick Sedar may share the pitching in the afternoon game.

Sedar, who also plays centerfield, has been one of the Sequoits' top hitters. His .375 average is just below the .376 of Russ Albano, a junior who plays both infield and outfield positions. Hitting an even .300 is Terry Lear.

Coach Seemann pointed to errors – several in each game – in explaining the recent losses.

"Up to this past week we had been tough defensively," he said. "Then we began making some bad errors, both physical and mental.

Our boys can play much better ball than that. I think they'll come around, and we still have nine conference games left to play."

Seemann noted that the standings are still bunched and the leaders may be knocking each off between now and the seesen's and late in May

"Even the champions may have five or six losses in their 18 conference games," he said.

These were the won-lost

records as the week began:

Cary Grove 5-2, Grant 5-3, Wauconda 5-3, Round Lake 4-3, Antioch 4-4, Grayslake 4-4, Stephenson 4-4, Warren 4-4, Lake Zurich 3-5, Woodstock 1-7. In recent games, Antioch:

. - Lost 8-0 to the Grant Bulldogs. Dan Miller pitched a three-hit shutout against the

three-hit shutout against the Sequoits. He struck out 10 and walked none. Antioch's best effort was a double by Mike Perrone.

- Lost to the Warren Blue Devils 6-3. The Sequoits had trouble getting it together until the sixth, and by then they trailed 5-0.

-- Lost a non-conference game to Waukegan 6-5. Tom Warner hit one over the fence for Antioch, but the roof fell in when Waukegan scored five runs on five hits in the third inning.

In addidition to their efforts to catch up in the conference race, the Sequoits will be getting ready for district tournament play which begins Saturday, May 11.

The opening games will be at Grayslake, with Grant playing the home team and Antioch facing Round Lake. The winners will then play for the district title on Monday, May 13.

Weasel 3, 885 Club 0; Brave Bull 3, Nicks All Stars 0; Re Cupido 2, Packer Inn 1; Lindberg & Son 2, Legion Club 1.

Kevin O'Neill Baseball Athlete of Week

Inconsistent play, such as errors, was the main reason for the University of Dubuque baseball team losing its last six games. In two games with Central, U.D. made 12 errors.

The Spartans dropped doubleheaders to Coe College, 4-0 and 2-1, at Cedar Rapids; to Monmouth, 3-2 and 5-2, at the Illinois city; and 8-2 and 13-1 to Central College at Pella. U.D. is now 6-15 for the season and 1-3 in the Iowa Conference.

Games in the next seven days are doubleheaders at Loras and hosting Wartburg.

The baseball athlete of the week is senior Kevin O'Neill of Antioch, Illinois. Kevin plays center field for the Spartans. Baseball coach Rich Solomon says O'Neill played the steadiest of all his ball players. O'Neill has a dependable bat and a good glove, making him a regular regular. In the six losses, only two Spartans hit homers-O'Neill was one of them. The other was by freshman Kevin Keil of Maquoketa. Both round-trippers came against Monmouth.

Kevin O'Neill is the son of Mrs. Catherine O'Neill of 322 Cedarwood Lane, Antioch.

Babe Ruth Tryouts

Babe Ruth league try-outs for 13, 14 and 15 year old boys previously registered will be held on Sunday, May 5, at the Antioch High School baseball field. Try-outs begin at 1 p.m.

Trackmen add two more victories

Antioch's track and field, team was in sparkling form last week, running away from the Warren Blue Devils 100-41 and getting past Cary Grove 82-59.

Coach Jerry Sandberg called the victories "fine team efforts" and said the difference, in the Cary Grove meet was the success of Antioch's middle and long distance runners.

The Sequoit freshmen also got a shot in the arm when they defeated Lake Forest and Libertyville in a triangular meet Friday.

On Saturday the varsity went to the North Chicago Warhawk Invitational. No team scores were kept, since the meet emphasizes individual performances.

Those who did well for Antioch were Vic McGuire, winning the high jump at 6 feet 1½ inches; Mike Harland, winning the two mile in 10:22.2, and the mile relay team of Ron Gramer, Scott Kiederlen, Tim O'Neill and Mark Andrews, who won their event in the fine time of 3:31.7, They were only a denth of a second shy of the school record.

other admirable performances were turned in by:

- Mike Jones, second in the 100 with a time of 10.1, and third in the 220 in 23.4.

- Mark Andrews, second in the 446 in 52.2.

-Tim Q'Neill second in the 880 in 2:02.5.

- Kevin Walpole, who ran a 4:41.9 mile and placed third.
- Tony Whitmore, who ran

10:37.7 for fifth in the two mile.

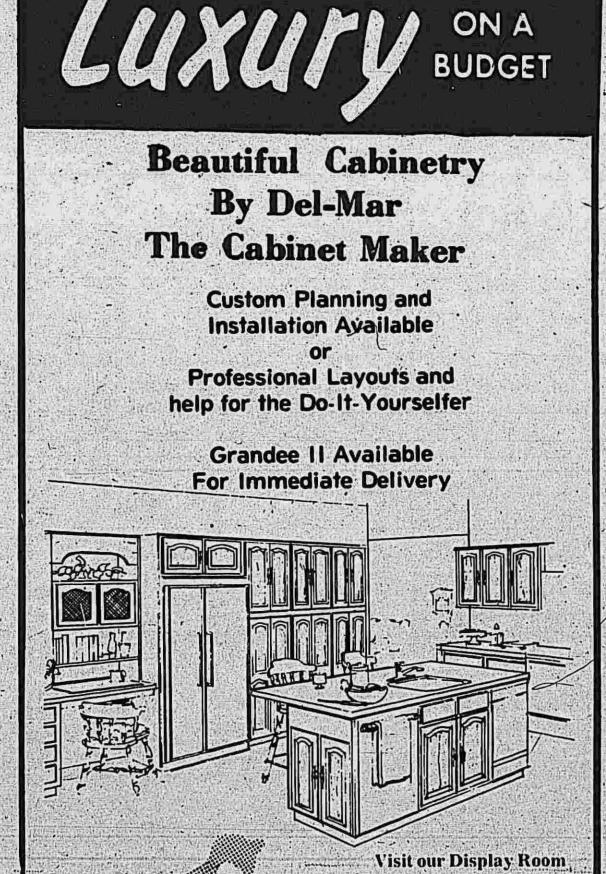

— Bob Bailey, third in the high

jump at 5-10.

- The 880 relay team of Mike Jones, Ron Gramer, Dave Moore and Bob Bailey, which ran third in 1,36.5.

The team selected Mike Harland, varsity, and Bob Walsh, sophomore, as "trackmen of the week" for the previous week's performances.

The Sequoits have a dual meet at Wauconda on Thursday and will be competing in the Lake County Meet at North Chicago on Saturday.
